Product description

Kids Arcade Machine

Kids Motorcycle Arcade Machine

The Kids Motorcycle Arcade Machine is a compact entertainment machine for children, leisure areas, arcades, shopping malls, indoor playgrounds and family locations. With its motorcycle design, eye-catching lighting and simple single-player system, the machine offers an attractive riding experience for young visitors.

Gaming experience in motorcycle design

The machine is designed for one player and offers children an interactive arcade experience in the style of a small motorcycle. The colorful cabinet, sporty shape and illuminated elements attract plenty of attention at any location.

Thanks to its compact design, the machine can be placed flexibly and is particularly suitable for areas where children and families regularly spend time.

Benefits at a glance

- Attractive motorcycle design for kids
- Compact size for flexible placement
- Designed for one player
- Ideal for family and leisure locations
- Eye-catching look with true arcade character
- Operates on 110–220 V

Ideal for kids' areas and family locations

The Kids Motorcycle Arcade Machine is especially suitable for locations where children should be kept entertained in a playful way. It can be used as a standalone eye-catcher or combined with other entertainment machines.

Thanks to its low weight compared to larger arcade machines and its manageable dimensions, the machine is well suited for flexible placement in indoor areas.
