Product description

? NARROW COVER FOR ALTERSIDENT OPENING

This precision-fit cover has been specially designed to securely and neatly close the opening for the Altersident module on machines. It is ideal for machines where no Altersident system is fitted or where it has been removed.

Fitting is particularly simple: the cover is attached with just **4 nuts** – quick, reliable and without much effort. Thanks to its narrow design, it fits discreetly into the housing and gives a neat overall appearance.

- ? **Design:** Narrow version.
- ? **Fitting:** Simple fixing with 4 nuts.
- ? **Function:** Neat closure of unused Altersident openings.
- ? **Application:** Ideal for machines without age verification.
- ? **Quality:** Robust and precision-fit construction.

Note: also available as a wide version.
