Product description

?NARROW COVER FOR AGE-SIDENT OPENING

This precise cover has been specially designed to securely and cleanly close the opening for the Altersident module on machines. It is ideal for machines where no age-sident system is installed or it has been removed.

The assembly is particularly simple: The cover with only **4 nuts** fast, reliable and without great effort. Thanks to its narrow design, it fits into the housing inconspicuously and provides a clean overall picture.

? **Design:** Narrow version.

? **Assembly:** Easy fastening with 4 nuts.

? **Function:** Clean closure of unused age-sident openings.

? **Use:** Ideal for machines without age verification.

? **Quality:** Robust and precise design.

Note: Also available as a wide version.
