Product description

Guide rail set for slim cansfor beverage machines CCH-10N (10 set)

End with disorders in the output: Our black metal rail ensures **aprecise guidance**of narrow cans (e.g. energy drinks) and slim bottles. Thus, a double output or a standstill of the lift system is reliably prevented.

- **High quality material:** Powder-coated metal (color: black) – durable and unobtrusive in the shaft.
- **Complete set:** 20 rails in delivery (sufficient for 10 compartments, each left & right).
- **Fast assembly:** Easy installation with only 1 screw per rail.
- **Reliable function:** It effectively prevents two cans or bottles from being discharged simultaneously.

Compatibility:

Perfectly designed for our beverage machines for glass bottles:

Model TCN-CCH-10N(V10)
