Construction & Quality

Insulation:High-quality wall and roof structures ensure excellent thermal insulation and energy efficiency.

Floor:A robust and easy-care floor covering in an appealing look forms the foundation.

Longevity:Weather-resistant materials guarantee a long service life in the outdoor area.

Equipment & Optics

Light & Air:Spacious shop window fronts and flexibly positionable windows provide brightness and ventilation.

Facade:Modern design through stylish covers and decorative elements that make your container eye-catching.

Access:Elegant, glazed doors invite your customers to enter.

Plan your unique

Put on a solution that suits your needs, not vice versa. Let us realize your ideal container.
