Product description

Outdoor Vape-Automat: The Future of Sales

The new HEST Vape-Automat is the state-of-the-art sales platform for e-cigarettes, disposable vapes, pod systems and snus products. Fully redesigned, extremely robust and thanks to solar technology completely self-sufficient. The ideal solution for high-margin additional sales without personnel costs at premium locations.

- ? **100% Autark & Low maintenance:** Battery operation with solar charge allows up to 3 months running time without power connection.
- ? **Safe & Digital:** Pure card payment system eliminates cash risks. Includes real-time telemetry for live viewing in fill levels and sales.
- ? **Enormous capacity:** 25 selection shafts offer space for up to 400 products in compact space.
- ? **Easy placement:** Robust, weather & UV-resistant metal housing. Thanks to compact construction often no permission for wall mounting is required.

Technical data & Applications

CAPACITY

Up to 400 products / 25 shafts

HOUSING

Weather & UV-resistant metal

ENERGY

Battery + solar (approx. 3 months running time)

MANAGEMENT

Telemetry & Remote access

Perfectly scalable for: Exterior areas, parking, gas stations, kiosks & Vape shops.

High margin, Fast ROI

E-cigarettes are among the strongest products in the automated market. Take advantage of an extremely fast amortization.

EXAMPLE COPULATION PRO SALE

3,90 € Net margin

(Based on: EK 4,50€ net / VK 10,00€ gross)

Economics & Amortization

Sales / day	profit / year (net)	Amortization (ca.)
3	4.271 €	14 months
5.	7.118 €	8.5 months
10	14.236 €	4.2 months
20	28.472 €	2.1 months

*Investment base: 4.990 € net. Calculation based on the pure product margin, without maintenance, terminal (approximately 15€/month) or site costs.

Secure your locations with the most profitable machine model of the future.
