Product description

URBAN SPORTS • IMMERSIVE EXPERIENCE

Basketball Machine

Physical action meets digital high-def. The CP-Y005 defines the classic basket throwing completely new – more immersive, smarter and more profitable.

?

Next-Gen Basketball

The combination of real ball throw and a high-resolution video backend ensures an incomparable atmosphere. Animated backgrounds and real-time strains increase adrenaline.

??

Dynamic Video System

The integrated screen delivers visual feedback, high score rankings and thrilling animations that bind players far beyond the normal level.

?

High-precision sensors

The most modern sensor technology detects every throw millimeter accurately. Fair competitions and precise point accounting are guaranteed – no matter how fast the game is.

?

Robust presence

With a height of over 2.5 meters, the machine is a massive eye-catcher. First-class processing ensures that it can withstand even the most intense commercial use.

Technical data

Dimensions **258 x 100 x 258 cm**

Business Case: Sports ROI ?

Basketball machines are among the "Evergreens" in the Vending – video technology raises sales to a new level.

COMMITMENT

Very high

MAINTENANCE COSTS

Minimum

ROI SPEED

2.5 - 5 months

VENDY1 Expert Tip: Set up two video basketball units next to each other. The "multiplayer effect" and the desire to hit the neighbor's high score live double the revenues per square meter measurable.
