Product description

Arcade Machine

Motorcycle Racing Arcade Machine

The Motorcycle Racing Arcade Machine is an eye-catching single-player entertainment machine for arcade halls, leisure areas, shopping malls, indoor playgrounds and event spaces. With its sporty motorcycle design, colorful lighting and dynamic seating position, the machine delivers an intense riding experience for young players and arcade fans.

Racing experience with strong presence

The machine combines a compact motorcycle cockpit with a large display area and striking arcade design. Players sit directly on the motorcycle seat and control the game via the integrated handlebar and control setup.

Thanks to its striking look, the machine works particularly well as an eye-catcher at locations frequented by kids, teenagers and families. It can be used as a standalone unit or combined with other arcade machines to create a larger entertainment area.

Benefits at a glance

Sporty motorcycle racing design

Designed for one player

Eye-catching look for maximum attention

Ideal for arcade and leisure areas

250 W power consumption

Robust build with approx. 160 kg weight

Ideal for entertainment-focused locations

The Motorcycle Racing Arcade Machine is perfect for operators looking to expand their location with an active, visually striking game unit. Thanks to its racing theme, the machine particularly appeals to kids, teenagers and families.

Given its size and weight, the machine is designed for stationary indoor use. Its compact footprint allows efficient placement even in existing arcade or leisure areas.
