Product description

Compact Snack Combo Vending Machine without Lift

Compact snack and drink vending machine with cooling, spiral dispensing and a small display. The machine is ideal for snacks, bars, sweets, smaller drink cans and chilled impulse products that can be reliably dispensed through standard spiral trays.

With its compact footprint, clean black design and online inventory and sales system, this vending machine is a practical solution for offices, workshops, hotels, gyms, schools, break rooms and smaller retail spaces.

Compact solution for snacks and drinks

Without lift system: Products are dispensed via standard spiral coils, making the machine simple, robust and efficient.

With cooling: The adjustable cooling range of approx. 4-25 °C makes the machine suitable for many chilled snack and drink products.

Features & Benefits

Cooling: Adjustable temperature range from approx. 4-25 °C

Dispensing: Standard spiral system without lift

Product detection: Advanced drop sensor

Glass: Tempered glass with defogging

Connectivity: Integrated 4G module
