Item number VD1-HOF-XL

Product description

Your complete farm shop – 24/7 and without shop staff

The XL farm shop package combines all three machines: sausage, meat and cheese kept chilled in the meat & sausage vending machine, eggs and jars gently moved by conveyor belt and lift, plus the 2in1 hotel vending machine with plenty of room for your full farm range. This fully replaces shop staff – your customers buy whenever it suits them.

No staff needed
Your customers serve themselves – you're in the barn or out in the fields.

Round the clock
Open 7 days a week, including early mornings, late evenings and Sundays.

Goodbye to the honesty box
No shrinkage, no change-giving chaos – every payment is recorded.

Always in view
Sales and stock levels online via telemetry.

FAQ

Do the prices also apply for outdoor use?

The package prices apply to the indoor version. All machines in the package are also available as an outdoor-capable version with a roof and heating unit for an extra charge – just get in touch with us.

Do I need a payment system for each machine?

A Nayax Media 4 is already included with the meat & sausage vending machine. Each additional unit gets its own terminal for €480 net each – with the 2in1 hotel vending machine, one is enough, as the slave runs via the master.

Can I also accept cash?

Yes. Coin changers (€450 net) and banknote validators (€400 net) are available as options for each machine. Coin acceptance is especially worthwhile for regular customers in rural areas.

Can I finance the package?

Yes, all packages are also available on leasing or hire purchase through our financing partners.

Does the package suit your farm?

We'll advise you on range, payment system and placement – free of charge and without obligation.
