Farm Shop Package M – Meat & Sausage Vending Machine + Conveyor Belt Vending Machine

Farm shop vending package: meat & sausage vending machine and conveyor belt vending machine with lift. Round-the-clock sales without staff. Incl. Nayax Media 4.

Item number VD1-HOF-M

Product description

Your farm shop – open, even when you're out in the fields

With the Farm Shop Package M, you sell sausage, meat and cheese chilled from the meat & sausage vending machine. The conveyor belt vending machine gently delivers eggs, honey, jam and baked goods via lift – nothing gets broken. Your customers serve themselves, so you save on shop staff and cashier duties.

No staff required
Your customers buy for themselves – you're in the barn or out in the fields.

Round the clock
Open 7 days a week, early, late and on Sundays too.

Goodbye to the honesty box
No shrinkage, no change-giving chaos – every payment is recorded.

Always in view
Sales and stock levels online via telemetry.

What's in the package

- 1× Meat & sausage vending machine (TCN-D900-9G) incl. Nayax Media 4
- 1× Conveyor belt vending machine with lift (TCN-D900-9G)

Placement

In the farm shop room, under the canopy or – with the outdoor version – directly at the farm entrance. You need a standard 230 V socket and stable mobile reception for cashless payment. We'll support you with the set-up.

FAQ

Do the prices also apply for outdoor use?

The package prices apply to the indoor version. All machines in the package are also available as an outdoor-capable version with roof and heating unit for an additional charge – just get in touch.

Do I need a payment system for each machine?

A Nayax Media 4 is already included with the meat & sausage vending machine. Each additional machine needs its own terminal at €480 net each – with the 2-in-1 hotel machine, one is enough, as the slave runs via the master.

Can I also accept cash?

Yes. Coin changers (€450 net) and banknote validators (€400 net) are available as options for each machine. Coin acceptance is especially worthwhile for regular customers in rural areas.

Can I finance the package?

Yes, all packages are also available on leasing or hire purchase through our financing partners.

Does the package suit your farm?

We advise you on range, payment system and placement – free of charge and without obligation.
