Product description

More room for your range – around the clock

The Farm Shop Package L combines the meat & sausage vending machine with the 2in1 hotel vending machine in a master and slave setup. Alongside sausage, meat and cheese, you can offer eggs, jars, drinks and farm produce in a wide selection – chilled, dispensed securely and without staff.

No staff needed
Your customers buy for themselves – you're in the barn or out in the fields.

Around the clock
Open 7 days a week, including early mornings, late evenings and Sundays.

Goodbye to the honesty box
No shrinkage, no change-giving chaos – every payment is recorded.

Always in view
Sales and stock levels online via telemetry.

FAQ

Do the prices also apply for outdoor use?

Package prices apply to the indoor version. All machines in the package are also available as outdoor-capable versions with a roof and heating unit for an additional charge – just get in touch with us.

Do I need a payment system for each machine?

A Nayax Media 4 is already included with the meat & sausage vending machine. Each additional unit gets its own terminal at €480 net – with the 2-in-1 hotel vending machine, one is enough, as the slave runs through the master.

Can I also accept cash?

Yes. Coin changers (€450 net) and banknote validators (€400 net) are available as options for each unit. Coin acceptance is especially worthwhile for regular customers in rural areas.

Can I finance the package?

Yes, all packages are also available via leasing or hire purchase through our financing partners.

Does the package suit your farm shop?

We'll advise you on range, payment system and placement – free of charge and without obligation.
